Dear Lay Z,

I want to thank you for our site management event in which we had the chance, through your unique and creative way to share our visions and dreams and play as a team.

I'm glad we took this break of our day to day routine to experience your session and sure that these kind of experiences contribute much to the day to day communication within the team, as well as to the team spirit,

Thanks!

Best Regards,

Orit Goren

Global Director, HR
