

An appreciation letter

Dear Mr. Gordon

On the 31st of October 2007 we had the pleasure of hosting you in our Campus.

The student body commission and my self as the Dean of students, had a great experience meeting you face to face, and enjoying your basketball session and Music workshop.

We had no idea what to expect, and we were right. It was the most unique approach to team Unity, Synergy and cooperation among all of us.

The fact that each individual came out of the seminar with revelations and conclusions about their lives was the intended message that worked.

It takes allot of guts to place ,vociferously, in front of a group that the individual comes first ,and that there's no team with out working on each individual whether it's a team, family or working environment.

Your humor, music, and fresh creative ideas, had us working with you over time!

Thank you for everything!

Sincerely,
Dr. Ronit Fischer
Dean of Students
